

# 3-Year Warranty

## #1 in Reliability

AirPro's mission is to be the #1 Most Reliable Fan Manufacturer for the industrial market. We build the highest quality fans and back ALL of them up with our 3-Year Warranty. Yes, 3X longer than the industry standard!

### OEM Customer Confidence

OEMs use AirPro fans and blowers with their equipment for a variety of end user applications. Our products play a key role in operational success. We take that responsibility very seriously. Our 3-Year Warranty is our commitment to your success.

### End-User Peace of Mind

End-User customers use our fans to make things and keep their operations going. That's why quality and reliability have been non-negotiable for us since day one. Thousands of successful fan installations prove it, and our 3-Year Warranty says we will keep it up.

# Gold Standard 3-Year Warranty

“Gold Standard” means we won’t settle for less - we hold ourselves to a higher standard. Our industrial fans and blowers outperform the industry standard consistently, so we’re putting it in writing on everything we design and build.

## How We Guarantee Reliability

We’re committed to assuring quality and delivering value. We take great pride of ownership from top to bottom across our entire organization, and we’re not happy unless you’re happy.

## It’s In The Process

Our process is built around customers, from fast quotes and drawings to relentlessly on-time delivery and expedited orders, parts, and service.

Every employee-owner in each department delivers on this process and promise daily – guaranteed.
